

**NO WASTE METHOD FOR MAKING
FLYING GEESE
(Makes 4 Flying Geese units)**

NOTE: These instructions give the formula for making Flying Geese units and do **NOT** give a particular cutting size. Just remember that the width of the finished unit is always twice its height.

Size to cut squares:

Fabric A: Finished width of desired geese unit + 1 1/4" (1.25)

Fabric B: Finished height of desired geese unit + 7/8" (.875)

From Fabric A, cut ONE (1) _____ square

From Fabric B, cut FOUR (4) _____ squares

With right sides of fabric together, lay two of the smaller squares on the larger square, as shown. Using a ruler, draw a light pencil line diagonally from top left corner to bottom right corner.

Stitch a scant 1/4 inch on both sides of the drawn line. Cut apart on the center drawn line.

Note: If your machine does not have an accurate 1/4 inch foot, draw your stitching lines using a ruler and pencil.

Press seams toward Fabric B. Draw a diagonal line on wrong side of smaller square. With right sides together, lay one of the marked squares on the sewn unit and stitch 1/4 inch on both sides of drawn line. Cut apart on drawn line. Repeat with the remaining unit and the remaining smaller square.

Press your 4 geese units open and use them in your favorite quilt blocks!
